# FIRE TRUCK REFURBISHMENT

REFURB | REMOUNT | REPAIR | REPAINT

## STAY AHEAD OF 2027 EMISSIONS WITHOUT STARTING OVER

When budgets are tight, lead times are long, and new trucks bring new headaches - refurb is the smart move. With 2027 emissions around the corner, don't get caught flat footed with no reserves in your fleet.

Our 186,000 sq. ft. facility in Nesquehoning, PA is built for heavy-duty work—housing full manufacturing, refurbishment, and service capabilities under one roof. We specialize in emergency vehicle refurbishment, offering everything from chassis swaps and pump rebuilds to body repairs, electrical upgrades, and full repaints.

### OUR CAPABILITIES

Bulldog OEM Services has the space, equipment, and expertise to deliver results that meet today's operational standards at a fraction of the cost of buying new.

- New custom/commercial chassis sales for remounts
- New body design & manufacturing
- In-house engineering team
- On-site laser cutting & CNC turret machining
- Custom paint & graphics
- Line-X coating & corrosion repair
- Custom bumpers, compartments and suction installation
- Shelving, trays & tool board installs
